Dear Parents/Guardians,

With the school year now in full swing, I wanted to provide you with an update on the roofing project at Humber Park Elementary School.

Earlier this year, the Halifax Regional School Board received funding from the provincial government to replace a section of the school's roof. The majority of this work was completed in August with some work to the front canopy completed at the end of September.

If you have any questions about this project, I would encourage you to contact the school and speak with principal. They should be able to answer any of your questions or direct you to the appropriate contact at the board for a response.

I want to thank the provincial government for their investment in Humber Park Elementary School.

Regards,

Elwin LeRoux,
Superintendent
